## Summary

---

Graduated student, and worked as a Web Developer for the past year. I am passionate for technologies of the front-end such as React, Gatsby and Sass, but also I am able to work on the back-end with Python and with database knowledge. Enjoys making great UI for a beautiful experience for the user, and always learning new things to accomplish goals on the best way possible.

## Skills

---

**Technical Skills** HTML/CSS/Javascript · ReactJS · Typescript · GatsbyJS · PostgreSQL · Python · Django · Sass  
**Languages** Native Spanish · Fluent in English
